FOR IMMEDIATE RELEASE

**JOHN CHAPMAN, PRESIDENT & CEO OF SAN ANTONIO REGIONAL HOSPITAL
NAMED TO HASC 2024-25 BOARD OF DIRECTORS**

UPLAND, CA, January 23, 2024 – John Chapman, President & CEO of San Antonio Regional Hospital has been named to the Hospital Association of Southern California’s (HASC) 2024-25 Board of Directors as a Member at Large. Mr. Chapman has also been selected as Chair of HASC’s Inland Empire Area. His two-year term began January 1, 2024 and will continue through December 31, 2025.

He joins a select group of hospital CEO’s from throughout Southern California who remain committed to continually improving their operations and the health of their communities. As hospitals face unprecedented challenges, board leadership will be tasked with developing strategies for hospital members to navigate and effectively address these challenges.

“I look forward to serving our hospital constituents in the Inland Empire and the greater Southern California area,” noted Chapman. “In our current environment, there are a number of financial, workforce, and legislative issues that critically affect healthcare providers. Working collaboratively, we will continue to work toward real solutions that will ultimately improve the care we are able to provide our patients.”

HASC is a non-profit trade association whose mission is to lead, represent, and serve their 180 member hospitals and related organizations, working with members and other stakeholders to provide leadership and representation at the local, state, and federal levels.

About San Antonio Regional Hospital

[San Antonio Regional Hospital](#) in Upland, California is a 363-bed, nonprofit, acute care hospital that combines excellent clinical care with exceptional compassion. The award-winning hospital offers a comprehensive range of general medical and surgical services, along with the latest technological advances in cardiac care, cancer care, orthopedics, neurosciences, women’s health, maternity and neonatal care, and emergency services. Founded in 1907, with only 18 beds and 5 physicians, San Antonio Regional Hospital is continually growing with its community and is now recognized as a premier

regional medical facility with satellite locations across the rapidly expanding Inland Empire. Given its broad geographic reach and the depth and breadth of its services and programs, supported by the latest medical science and technology, San Antonio is a hospital of the future, offering state-of-the-art healthcare services in a healing environment focused on the patient and family.
